# TERMS OF SALE

## REAL PRICES BUT WITHOUT ENGAGEMENT SPECIAL QUOTATIONS FOR LARGE QUANTITIES

---

PRICES ARE f.o.r. LANGPORT EXCEPT OTHERWISE QUOTED: BUT QUOTATIONS ARE MADE WHEN DESIRED AS AT BRISTOL, LONDON, SOUTHAMPTON, etc. LANGPORT IS ON THE MAIN LINE OF THE G.W.R., LONDON TO PLYMOUTH, AND IS VERY ADVANTAGEOUSLY SITUATED IN CONNECTION WITH MID., L.N.W. AND L. & S.W. RAILWAYS.

Quotations are without engagement, being subject to withdrawal and to alteration without notice. Journey orders, especially for large quantities, are looked upon as being confirmed if not cancelled from Langport within 3 days after receipt of same.

**THIS LIST AND ALL OFFERS CANCEL ALL PREVIOUS OFFERS.**

Smaller quantities than  $\frac{1}{8}$  cwt., pecks,  $\frac{1}{4}$  lbs., or  $\frac{1}{8}$  oz. will be charged at higher rates than those quoted.

**PAYMENTS.**—Ordinary accounts are due **NETT AT MIDSUMMER**. Off ordinary accounts five per cent Discount is allowed for cash within one Month from date of Invoice;  $2\frac{1}{2}$  per cent. on accounts settled Quarterly. **These Discounts, etc., do not refer to Special Quotations, which are nett.** No other allowances or deductions, except by previous arrangement, can be made unless applied for **on receipt** of the Invoice.

Cheques, Postal Orders, etc., should be made payable to "**KELWAY & SON,**" and crossed "Parr's Banking Company, Limited, Langport."

**RETURNED EMPTIES.**—Sacks and Bags are allowed for according to their full price as charged, provided that they are returned in **good** condition within a reasonable time, carriage paid and advised by post, and with the customer's name and address attached. Damaged empties are only credited at value when received. Prices charged for Bags during 1910 will be as follows: Three or four bushel sacks, 1/-; two bushel, 7d.; one bushel, 6d.; half-bushel, 4d.; peck and gallon,  $2\frac{1}{2}$ d.

**CONVEYANCE.**—In transit all goods are at the risk of the purchaser, and no insurance is effected unless we are so instructed. When the route and mode of transit and method of consignment are left to us we do everything in the interest of our customer to forward **expeditiously** and as **cheaply as possible**; but, as it is not always possible to make these conditions coincide, we are always glad to have instructions from the purchaser—*e.g.*, as to whether the goods are to go **by water or rail**, or partly by one and partly by the other; if by water, whether insurance is to be effected or not; if by rail, whether by goods or passenger train; also if the goods are to be booked at any particular rate, such as Grain, Pea, or Agricultural Seed Rate. We do not hold ourselves responsible for any errors which may arise during transit.

**NEW CUSTOMERS** will always find us ready to serve them. To save time, will they kindly enclose **cheque** or **Cash**—less 5 per cent. discount from **printed** prices—or a satisfactory **reference** with their **first** order?

**EARLY ORDERS** are always very much appreciated, as they allow us to make headway with their preparation before the press of the season commences.

**ALL TELEGRAMS** should be **signed**.

**OUR OWN NOVELTIES AND SPECIALITIES** are protected, and can only be obtained in our Sealed Packets, or direct from us. Retail packets of Flower Seeds, &c. are supplied at the rate of 24 to the dozen, or two for one—*i.e.*, half-price. Any number supplied.

We give **NO WARRANTY**, either express or implied, as to the growth, kind, description, quality, productiveness, or any other matter regarding any Seeds we sell; nor will we be in any way responsible for the crop resulting therefrom. If the purchaser does not accept them on these terms he must return them at once, as they are sold upon these conditions only. Where purity or growth is mentioned, they are only for guidance, and without guarantee.

**L**IVING in the COUNTRY, FARMING OUR OWN LAND, we are able to give that continuous personal supervision to the selection and saving of Stock Seeds which is necessary to ensure the purity and high quality which the Trade requires.

One reason for our being able to make our aim, firstly, QUALITY, secondly, QUALITY, thirdly, QUALITY, is that we live among and personally handle our stocks.

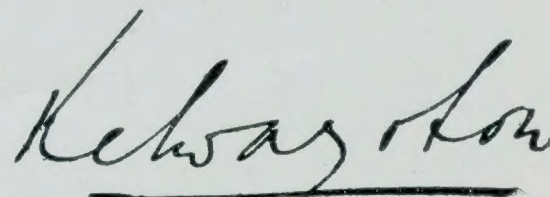

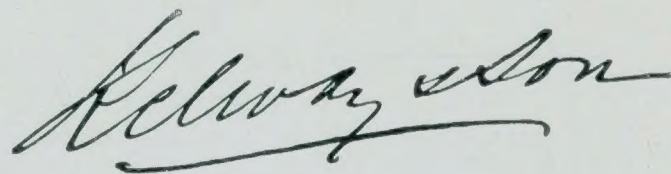

---

Our prices are independent. We print REAL prices which—as long as unsold and without engagement—we are willing to accept. It will be noticed that they are exceptionally reasonable. They are nett, except that they are subject to the ordinary discounts for cash. The chief reasons for their being so reasonable are—(1) freehold land and premises, (2) no heavy expenses, as in a city.

In no district do we compete for the trade of our customers by doing business with market growers; we solicit in seeds the custom of the legitimate seed trade only, whether by travelling or advertisement.

ELECTROS are lent gratis (for catalogue work only) to firms who are customers for the strains which the electros illustrate. N.B.—*Early* application should be made.

For prices of Pictorial packets, very beautifully printed in colours and containing fresh seed ONLY, see pages 10 and 21.

## THE BEST OF ALL RUNNER BEANS

### KELWAY'S TREMENDOUS

Huge pods, 12 to 18 inches long, borne in large clusters. Very early, exceedingly productive, and by far the largest really edible Runner Bean to date. NOT coarse.

50/- per bushel. 14/- per peck.

*See Illustration, page 27*

## THE BEST OF ALL EARLY PEAS

### KELWAY'S BEAUTY

Of Gradus type, but so hardy that it can be sown much earlier and picked some days before that variety. The dark green pods, borne in pairs, are larger, longer and more even in size than either Pilot or Gradus, and contain fine deep green peas of excellent flavour. It is undoubtedly THE BEST PEA ever offered and the BEST PEA FOR MARKET. One of the largest growers says it is the HARDIEST culinary pea he has ever grown, and it certainly SURPASSES all other market varieties as a CROPPER.

40/- per bushel. 12/- per peck.

*See Illustration, page 35*

PEA KELWAY'S BEAUTY.—"I believe this to be a new variety not yet offered to the general public, but a friend in the seed business gave me a  $\frac{1}{4}$  pint for trial purposes, assuring me that from the point of earliness and productiveness it was far in advance of either of the standard earlies growing the same height—3 feet. Owing to an oversight on my part, the seeds were not planted at the same time as many others grown here for the early crop, so a comparison this year was not possible; but I determined to see what it would do planted late, it being well known to kitchen gardeners that a sowing of a good early variety in June will produce very satisfactory results. Therefore on June 17th I sowed the seed. . . . It soon proved to be a very strong grower.

"Flowering commenced on the 27th of the month, and pods fit for the table were picked on August 19th; these were about 4 inches long and well filled with Peas of good size and flavour. Late varieties planted on the same soil and under like conditions, except that they were sown a fortnight earlier, had scarcely commenced to flower when pods of Beauty were ready for gathering. In addition to early maturity, it also has the advantage of being free from mildew, which is a compliment I cannot pay to many varieties at this time of the year. I may add the seed is round and above the ordinary size. Taken altogether, I look upon it as a valuable variety. I hope to make an extensive trial of it next year with the first earlies."—F. R. CASTLE.

# VEGETABLE SEEDS

These prices—to which we draw particular attention—are subject to no discount, excepting a Cash Discount. For smaller quantities than  $\frac{1}{8}$  cwt.,  $\frac{1}{4}$  bus.,  $\frac{1}{4}$  lb., or  $\frac{1}{4}$  oz., respectively, an advance in prices will be made.

PLEASE ASK FOR PRICES WHERE SAME ARE NOT GIVEN.

**Cucumber  
Frame Varieties**

We are the largest growers of Choice Frame and Hothouse Cucumbers for seed in the Trade. Each variety is grown in a separate house. We sent out *Kelway's Victory*, the forerunner of the present frame varieties, in 1852. Many of the finest varieties in commerce originated in our houses.

# ROOT SEEDS

All our Stock Seeds are saved from specially chosen transplanted Roots.

We have been for over half a century Growers and Selectors upon our own farms, at and near Langport, of Special Stocks of Swedes, Mangolds and Turnips, particularly the celebrated West of England strains, and we honestly believe, and state with the utmost confidence, that purer and choicer kinds than our Special Sorts have never yet been sold. This refers in proportionate degree to our strains of other varieties. ALL are to be relied upon as the best of their kind, and undergo rigid selection.

## MANGOLD

### KELWAY'S LANGPORT PRIZETAKER YELLOW GLOBE

The entire stock was originally selected from one bulb. It has a **very small top** and very few fibrous roots; it is therefore lifted with a minimum of labour, and is fed with a minimum of waste. Its symmetrical shape and attractive colour make it unequalled for exhibition. The flesh is of the densest consistency and most nutritive quality, and it reaches a very great size; consequently, it is *an exceedingly heavy cropper*, and is absolutely unsurpassed in this respect. Having been fixed as a variety for such a number of years, its sportive character is practically *nil*, but we are untiring in our

annual labour of selecting stock roots to grow from. *We send a very fine coloured representation of this variety to those who stock it, mounted on canvas and rollers ready for hanging (see illustration, page 13)* ... 90 0

Put up in 2 lb., 4 lb., 7 lb. and 14 lb. sealed printed canvas bags, at 96/0 per cwt. (carriage paid). The variety can only be obtained *direct* from **Kelway & Son, Langport.** (Title registered.)

**KELWAY'S IMPROVED CORNER'S YELLOW GLOBE.**

This needs no introduction in the West of England. The stock originated in our neighbourhood, and seed was obtained by us from Mr. Corner himself. Though so near perfection at that time, the great care we have since bestowed upon it has evidently been appreciated by our customers ... .. 90 0

**KELWAY'S EXHIBITION OR PERFECT MODEL GOLDEN TANKARD.**

Selected from our "Model" Golden Tankard, to which it is superior in the dark colour of the skin and the rich golden hue of the flesh. The perfect "Tankard" shape of the original "Model" is retained, together with its highly saccharine quality and extreme solidity of flesh. An enormous weight per acre is obtained from it 112/0 per cwt.

# KELWAY'S LANGPORT MAMMOTH

(Registered Title)

The Hardy Heavy Crop-  
ping Purple-top Swede

34 0 per bushel

70/0 per cwt.

This variety is an enormous cropper, one of the most hardy and disease-resisting sorts in cultivation, seldom getting mildewed, and the highest quality Swede in cultivation. It possesses very dense, sound flesh. It grows freely in all kinds of soils. It is as near as possible globe shaped, with a very neat short neck, dwarf foliage, and a clean single tap root. The portion of the root growing out of the ground is of a deep purple red or plum colour. We annually save large quantities of this variety entirely from our own stock seed on account of the increasing favour with which it meets. Our stock is still as pure as ever.

A fine representation of this variety, 2 feet by 3 feet, painted in oils from nature, mounted on canvas and framed, will be sent to all who stock it. See annexed illustration.

Put up in 1 lb., 2 lb., 4 lb., 7 lb. and 14 lb. sealed printed canvas bags, at 80/0 per cwt. (carriage paid). The variety can be obtained ONLY direct from

# SWEET PEAS

Kelway & Son grow large breadths of all the choice and new Sweet Peas for seed at Langport, and their stocks, GROWN FROM RAISERS' PACKETS AND MOST CAREFULLY ROGUE BY THEMSELVES WHEN GROWING, have gained commendation the past three seasons in comparison with foreign grown seed. They can supply choice LANGPORT GROWN SEED HAND GATHERED FROM TRUE FLOWERS, or foreign grown seed, at competitive prices in either case, but in comparing prices for the Langport grown please compare only with seed *guaranteed* English saved.

PRICES PRINTED are for now (Spring, 1910) as long as unsold.

ALL these varieties will be on offer for season 1910-11. Please enquire early, in Summer and Autumn, 1910. Retail packets of the recent or "new" sorts (not the year's "novelties") 6d. and 1/- (retail) 2 for 1.

Novelty packets at advertised prices net, or less discount where possible.

**Peas—continued**

**KELWAY'S BEAUTY** (New, 1908), the best of *all* early Peas, of **Gradus** type, but so hardy that it can be sown much earlier and *picked some days before* that variety. The dark green pods, borne in pairs, are **larger, longer, and more even in size than either Pilot or Gradus**, and contain fine, deep green Peas of excellent flavour. It is undoubtedly the best Pea ever offered and **the best Pea for market**. One of the largest growers says it is the *hardest culinary Pea* he has ever grown, and it surpasses all other market varieties as a cropper. *See illustration.*

# KELWAY & SON'S LIST OF SPECIALITIES IN FLOWER SEEDS

*I.e.*, specially selected strains which, on account of their extra quality, the Firm particularly recommend.

The following Special Stocks are **EXCEPTIONAL** strains, which will stand **FIRST** in competition with any in the Trade. They are the result of many years' cultivation and selection by Kelway & Son, at Langport, and are well known to Kelway & Son's regular customers as unapproachable.

We supply all retail packets at 24 to the dozen, or 2 for 1. They are plain packets, or our printed packets; or customers' packets can be used.
